

Monday November 3

Tuesday November 4

Wednesday November 5

9h

Simulation of max-stable processes I

Univariate and implicit extremes

Registration and Coffee

C. Lantuéjoul
M. Oesting

A. Ferreira
S. Stoev

10h

Coffee break

Coffee break

11h

Max-stable processes

Simulation of max-stable processes II

Inference for tail processes

L. de Haan
V. Fasen

C. Zhou
M. Schlather

M. Warchol
A. Kiriliouk

12h

13h

Lunch

Lunch

Lunch

14h

Multivariate extremes I

Sight seeing

Inference for max-stable processes

A. Guillou
G. Stupfler

Visit of the Besançon citadelle

J. Wadsworth
C. Robert

15h

Coffee break

Coffee break

16h

Multivariate extremes II

Application to environmental statistics

M. Falk
A.-L. Fougères

P. Naveau
B. Renard
N. Eckert

17h

18h

19h

20h

Conference dinner

Brasserie 1802
